

Children's Rights and Violence Prevention Fund (CRVPPF)

REQUEST FOR LETTERS OF INTEREST

The Children's Rights and Violence Prevention Fund (CRVPPF) is a regional intermediary organization that provides grants and capacity strengthening support to local NGOs and Community Organizations. CRVPPF promotes children's Rights and Social Justice issues by working with Community Organizations targeting young people in Uganda, Tanzania, Kenya, and Ethiopia. CRVPPF's vision is to ensure children and young people are safe from violence including sexual violence where they live, learn, play, and work.

CRVPPF promotes a cluster partnership model encouraging 3-4 community organizations working in one geographic location with a common grant to prevent violence and sexual violence against children and young people. CRVPPF believes proximity to the community is critical to prevent violence in family, school, and community settings. CRVPPF has three grant-making programs which include the Prevention of Violence against Children (PVAC), Adolescent Girls Power Program (AGPP), and Empowering Youth through Data and Community Development (EYDCD). CRVPPF's strategic approach to violence prevention states that violence is a cross-cutting issue in the lives of children, and adolescent girls, and the interventions should be focused on family, community, and school settings.
